7 Membership

Ali reported we now have 53 members but there are 10 potential as a result of the publicity in the Standard and the come and try day

8 Coaching

Barry reported that Paul had completed the open water swim event safety award (SESA) The rat race organisers do not require us to have that award, but we now have Paul, Martin and Nikki if necessary

Dane and Kev first aid qualification will shortly run out. Steve, Brian and Kev have not attended BCU update. Discussion took place as to whether Barry had up to date information and Barry asked all coaches please to keep him updated as they attend courses or renew qualifications

Barry reported that we have a potential new member who has military coaching qualifications

Discussion took place as to adults wearing helmets on the river when in sea kayaks or on sit on boats.

Ali felt that all adults should wear helmets. Bev also stated that as a parent she feels that adults should show good example to younger paddlers

Barry read out the appropriate passage from the constitution which clearly states that adults only need to wear helmets at the coach's discretion Ali asked if this could be an agenda item at the next meeting as she and Bev feel strongly that helmets should be worn Barry raised the issue of the Carnival and a club session clashing. It was agreed that Barry should send an email out to see which coaches are available to run the session and then we would decide whether we do the carnival or the club session

Barry expressed concern that a weekend trip had been arranged for the youth committee on the same day as a club session. This would mean coaches would not be available for the club session and we would not have the trailer He also expressed concern regarding the preparation for the trip as this had meant coaches had not been able to assist the last club sessions as they had provided cover for the practice paddles

Barry then left the meeting

Patricia confirmed that Kevin had particularly wanted it mentioned that in future no events are to be arranged on club days without approval from the full committee

coaches

Discussion then took place as to whether we would be able to run both the trip and the club session or perhaps open the trip up to other members

It was agreed that Ali would email all the coaches to see who is available and to see if anyone has suggestions as to how to get the trailer to the club session
